Certified Boiler Operation Class

Certified Boiler Operation Class

A comprehensive program covering basic boiler room operation. This course is designed to expose attendees to how boilers are constructed, what support systems are required, how they operate and why. Course content includes topics listed below:

- **Boiler Operations Principles**
- **Boiler Fittings**
- **Feedwater Systems**
- **Steam Systems**
- **Fuel Systems**
- **Draft Systems**
- **Boiler Water Treatment**
- **Boiler Operations Procedures**
- **Hot Water Heating Systems**
- **Boiler Operation Safety**

Attendees who pass the boiler certification test will receive the Certified Boiler Operator certificate from the Iowa Association of Building Maintenance Engineers (IAMBE) and a WBC Boiler Certificate.

Please bring a calculator.
